Join us for a special event to learn how we are delivering on-request[1] upgrades to business-grade fibre to more businesses than ever before - hear from key speakers and a panel of experts about what it could mean for your business.

Rockhampton and surrounds was recently named a business **nbn**™ fibre zone. This event is ideal for businesses in the local area with high bandwidth needs looking to learn more.

Date: 25 November, 2020

Time: 7am – 8.30am

Where: The Empire Apartment Hotel

Please note in person spots are limited due to venue limitations and COVID restrictions. A webcast option is available.

Register for the event here

We're offering business nbn™ Enterprise Ethernet – our highest quality business-grade offering – to service providers with no up-front build costs for an estimated 90% of business locations within the nbn™ network footprint[2].

We hope to see you at the event. For more information about the business **nbn**™ fibre initiative visit **nbn.com.au/businessfibre**

Stay connected

[1] business **nbn**™ Enterprise Ethernet is only available in the **nbn**™ Fixed Line network footprint and at limited premises served by the **nbn**™ Fixed Wireless and Satellite networks. Costs may apply; customers should contact their preferred service provider to ask about availability and any fees and charges that may be applicable.

[2] **nbn** is a wholesaler and does not control costs charged by service providers. Customers should contact their preferred provider to ask about availability and any fees and charges from their provider that may be applicable. These pricing offers are not available for most premises in the **nbn**™ Fixed Wireless or Satellite footprints or for most premises which have complex connections – further costs are likely to apply to these premises.
