Local builder JM Kelly announced plans today to make changes to some of its operations. We expect that no employees will lose their jobs as a result of the changes and JM Kelly is seeking to make sure current ongoing construction projects will continue as usual.

JM Kelly said it would wind up the affairs of, or voluntarily liquidate, three of its companies with limited specific operations being affected.

The changes are confined and are only the result of the impacts of an isolated, long-standing and complicated court actions involving a single construction project on the Gold Coast over 10 years ago.
