

Business **growth** essentials

How to **attract** funding

Learn how to attract investment or funding to achieve your business goals.

Whether you're looking to expand domestically or explore global markets, knowing what sort of investment or funding suits your needs is crucial.

At this workshop you'll gain an understanding of investment and funding attraction pathways and what investors, banks and governments are looking for to make decisions.

This session will also include foreign investment trends, international investor requirements, and partnering with Trade and Investment Queensland to achieve outcomes.
