I wanted to pass on my thanks and acknowledgement to Mary of the wonderful job that Capricorn Enterprise continues to do for our region.

After stepping away from the Capricornia Chamber of Commerce some 4 years ago, I have gained a much greater appreciation of all the work and effort that is required to engage the local community, the local businesses and specifically, potential tourists to our region, the way that Capricorn Enterprise does so successfully. Much of the work is largely unheralded...but it is quietly appreciated by countless residents and businesses...like myself.

Keep up the great work, team CE !
