Wandu Tour & Truth-telling Package

Join Warama Culture on our Truth-Telling and Wandu Cultural Tour—an immersive journey across Darumbal Country featuring a traditional Welcome to Country, Smoking Ceremony, the powerful sounds of the didgeridoo, a guided bush tucker walk exploring native plants and their cultural uses, and the sharing of ancient Dreamtime stories that connect us to the land. The experience culminates in a truth-telling segment at two significant massacre sites, offering space for reflection, healing, and deeper cultural understanding. To honour the depth of knowledge shared, all tours must be booked well in advance, with small group sizes maintained to ensure authenticity, connection, and respect for Country.

Dreamtime Cultural Centre Half-Day Tour

Join Warama Culture on our Dreamtime Tour, beginning with a traditional Welcome to Country and Smoking Ceremony before experiencing a live Nanimanji (underground cooking) demonstration and a deep cultural and historical exploration that brings the stories of Country to life. Participants engage in hands-on cultural workshops that connect them to ancient practices, then come together to share a freshly prepared Nanimanji lunch or morning tea. As places are limited to ensure cultural integrity and a truly immersive experience, all guided cultural tours must be booked well in advance, and we encourage visitors to secure their booking early to avoid disappointment.
