## **Tiny Southern Great Barrier Reef Distillery Named Home Of The World's Best Classic Cocktail**

Reef Distillers' Espresso Martini crowned World's Best Classic Cocktail at the World Drinks Awards in London

A small, family-owned distillery on Queensland's Southern Great Barrier Reef has achieved one of the highest honours in the global drinks industry, with Reef Distillers' Bartender In A Bottle Espresso Martini crowned the World's Best Classic Cocktail at the prestigious World Drinks Awards, announced overnight at the Waldorf Hilton in London. The win places the Yeppoon-based distillery alongside some of the world's most celebrated spirits producers and marks a defining moment for regional Australian craft distilling.

Founded on the belief that world-class spirits can be created from locally sourced ingredients, Reef Distillers has built its reputation through a farm-to-still philosophy, working closely with Queensland growers and producers to showcase the unique flavours of the Great Barrier Reef coastline.

The award-winning Espresso Martini combines Reef Distillers' premium Pacific Ocean Vodka with locally sourced cold brew coffee, creating a ready-to-pour cocktail that has now been recognised as the finest example of a classic cocktail anywhere in the world.

Laureth Rumble, Co-Founder:

"To have a cocktail crafted in Yeppoon recognised as the World's Best Classic Cocktail is something we could only have dreamed about when we started. Every bottle tells the story of our region. From the Southern Great Barrier Reef to London, this proves that regional Australia can compete with the very best in the world."
