

Electric Vehicle Info Session

Are you fascinated by electric vehicles, or perhaps wondering how to reduce your carbon footprint when travelling? Are you ready to switch the family car for something that costs much less in fuel and maintenance? Here's your chance to hear directly from electric vehicle users in Yeppoon. There will also be hybrid vehicles on display for those not ready to leave behind the fuel station yet.

When: Saturday 29 May 2021, 9 - 11am

Where: On the lawn and forecourt of the Disaster Hub building. Beaman Park, James Street Yeppoon.

Free bookings at [livingstoneshire.eventbrite.com.au](https://www.livingstoneshire.eventbrite.com.au), or just drop by.

At 9am there will be a short talk about electric vehicles and sustainable transport, and afterwards attendees are welcome to view the vehicles and ask their burning questions.

Come and inspect Landcare's Mitsubishi Minicab MiEV van, a new MG ZS EV, Teslas, Nissan Leaf, several E-bicycles including a Yuba cargo E-bike, E-trike and E-scooter. Hybrids on display will include: MG HS PHEV (plug in hybrid) and Livingstone Shire Council's Toyota Corolla.

For event enquiries please contact Capricorn Coast Landcare on 0474 954 514 or email envirolink@cqnet.com.au
